me down to go with her and Mrs Wray, but that too is out, so you see how active I am just now.

Your program sounds most interesting, and your speakers sound perfect, so you are to be congratulated on all you have done this far.

You may hear from a Fred Zicotuchs 1079 Throop St. Dickson City, His phone is 489-5370. He has called me a couple of times relative to some history of a Rev. soldier, and when he called me last night, I told him if he wants the back editions of N.E. Pa, he should write to you % Sheffield; so it is possible you may hear from him for a subscription. He seems interested; but I wont go into it further.

From the wigwam,
